Penguins are amazing birds. They go on a very long trip every year. Hundreds of penguins get together and walk more than 100 kilometers. They walk to find a safe place for the mothers to lay eggs. Fathers take care of the eggs and mothers walk to the sea to find food for their chicks. Fathers keep the eggs on their feet because it is too cold on the ice. After 64 days the eggs hatch. The parents go on a lot of trips to find food for the chicks. When the chicks are 4 months old, the parents leave them to take care of themselves and they return to the sea.
